

Communication from The Office of the Rt. Hon. Esther McVey, Member of Parliament for Tatton  
 Esther is intending to hold a number of 'drop-in' sessions in various parts of the constituency this Summer. These are designed to cover some of the more rural areas of Tatton and it is hoped they will give people the chance to meet their MP if they haven't already. Any resident of Tatton is welcome at any of the sessions, there is no need to book; they just need to turn up. As well as meeting their MP, there will be a chance to discuss local or national concerns, to book an appointment for a future surgery and just to have a cup of tea or coffee with Esther.
